When you drive by the schools in our community, I hope you feel a sense of joy knowing that you supported our neighborhood kids last year. In fact, your support of the *1st Come Together Community Campaign* helped us raise \$45,000 which was used to fund technology hardware (computers, IPADS, supporting devices), educational software (to innovatively teach core subjects), professional development (to elevate teacher's skills using technology), STEAM related activities (Science, Technology, Engineering, Arts, Math), and technical support to keep all that technology run smoothly.

Since 1995, the EastLake Educational Foundation has supported neighborhood public schools through programs, scholarships, and annual grants program for EastLake High School, EastLake Middle School, EastLake Elementary, Arroyo Vista Charter School, Salt Creek Elementary, Olympic View Elementary, and Thurgood Marshall Elementary.

On November 9, 2021 the EastLake Educational Foundation is hosting the **2nd Annual Come Together Community Campaign**. We would really appreciate your support again this year. We will be advancing similar initiatives again this year – technology hardware, educational software, professional development, STEAM-related activities, and technical support. Even now, we see disparities in our local schools with students going without electronic devices for homework, classroom assignments, and project creation

Once again, we pledge that every penny we raise will benefit the children in our neighborhood – that's a 100% return on your investment.

I think we can agree that successful schools help to create a thriving and sought-after community. Most importantly, we want our children to receive a future-forward education that prepares them for a bright future. Your support will make an important difference for the students in our community.

Thank you for your support again this year. You can send a check directly to PO BOX 210004, Chula Vista, CA 91921. Alternatively, you can go to eefkids.org and donate online.

Most Sincerely,

Janet Francis, CFRE
Executive Director
